

This bulletin is to update residents, surrounding neighbours and interested parties on the progress of the Regeneration project of in Bilton.

NEWS IN BRIEF

Easter drop in event

It was lovely to see some of you at the drop in event we held on 9th April. We hope the children enjoyed the sports activities and thank you to those of you who gave us your views on what you would like to see on your estate in the future. We have used all your feedback and incorporated into our design brief for the regeneration project, which has been passed on to our design team.

Regeneration update

We are currently appointing survey consultants, who will be on site at various points throughout the coming months. As part of the surveys, we may require access to some houses and gardens. If access is needed, you will be given 2 weeks notice of this. You may see people conducting surveys on 20th & 21st May, but they will not need access to homes.

We have received a number of questions about how the phasing will work for the project, and we completely understand that this is important information for you. We have now appointed the design team for the project who are working to find the best solution for the phasing. Once this has been established your Regeneration Manager will arrange individual conversations with each household to explain how the phasing will apply to you.

Contact us

If you have any further questions about the Bilton regeneration project, please contact your Regeneration Manager on 07542 029535 or email us at bilton@clarionhq.com

Dates for your diary

We will be holding drop in sessions between **10 – 2pm** on **Tuesdays** starting from **9th June** in the estate office at 58a Nelson Way. This is to allow you to come along and ask any questions you may have about the regeneration.

Keeping in touch

We will now be sharing quarterly bulletins and keeping our website updated regularly. We would love to send these updates to you by email where possible, so if you are happy to receive them this way, please do share your email address with the regeneration team using the contact details below.

If you require any correspondence in an alternative format, please let us know and we will be happy to assist.

We understand that this project may be causing additional stress for you and we wanted to let you know about our internal guideline team who offer a free wellbeing service. Information on how you can get access to this is enclosed.
