About the homes

All the homes listed are Cussins built homes.

- These were fast-built, steel-framed homes made in the immediate post-war period.
- The buildings have a limited life span due to their steel frame.
- Repairs to homes in your estate are becoming more frequent and costly.
- As your homes were built quickly, the insulation is not as good as it could be and it is difficult for us to upgrade them to modern safety and energy standards.
